

NOTICE TO PARENTS – UNIFORM CHANGES

May 25, 2017

We are pleased to announce some changes to the uniform at Calgary Girls' School. These changes will be implemented for the 2017-2018 academic year and are outlined below:

Polo Shirt – The white polo shirt in 100% cotton is being discontinued and will be replaced by an updated style in a two-sided pique fabric. The two-sided pique is made of 100% cotton on the interior of the garment and 100% polyester on the exterior. This construction means that the garment will have a soft feel to the skin but will have a more durable exterior. The existing polos will be sold on a first come, first serve basis, while quantities last, for \$18.00. All sales will be final. The school has grandfathered the existing polos for 2 years, meaning you can wear the current style until June 2019.

Ladies Skort – We are adding a size 2 in the ladies skort. We expect that this size will satisfy the smaller girls at the school.

Gym Short – The current dazzle style gym short will be replaced with a more current wicking fabric. The existing gym shorts will be sold on a first come, first serve basis, while quantities last, for \$11.00. All sales will be final. The school has grandfathered the existing shorts for 2 years, meaning you can wear the current style until June 2019.

Fleece Sweatpants – We have modified the current style sweatpant to narrow the leg and have also added an elastic at the bottom of the pant. The current sweatpants will be sold on a first come, first serve basis, while quantities last, for \$20.00. All sales will be final. The school has grandfathered the current sweatpants for 2 years, meaning you can wear the current style until June 2019.

V-neck Long Sleeve Sweater – We are pleased to introduce this new style in wine at Calgary Girls' School in addition to the current button front cardigan and sleeveless vest.
